Deep in the Whispering Woods...

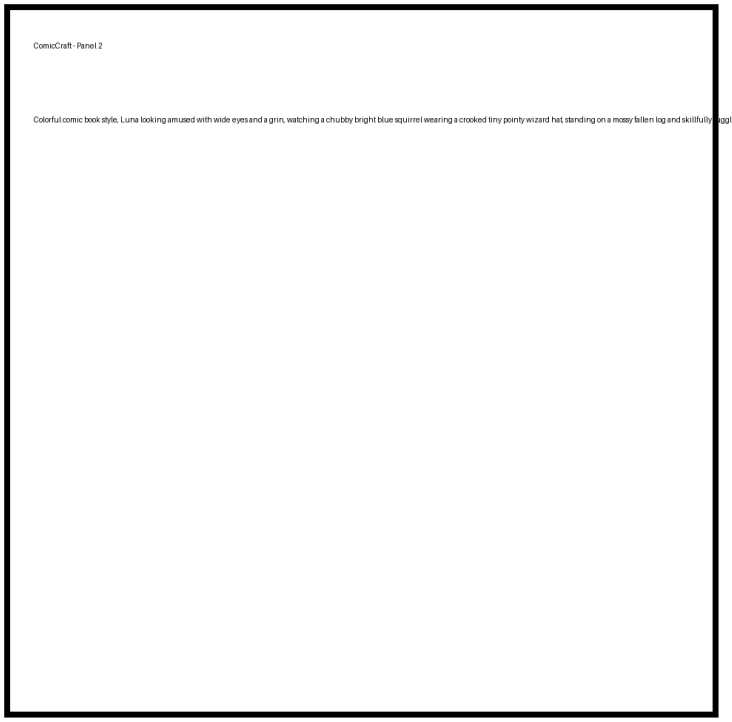
Dialogue:

Whoa! That is definitely not in the guidebook.

Narration:

Luna expected map-reading and rare bugs. She did not expect glowing fungi playing peek-a-boo.

Panel 2: A Squirrel's Secret



Luna watches in amusement as a chubby blue squirrel wearing a tiny wizard hat dances on a mossy log, juggling glowing acorns.

Showtime in the canopy!

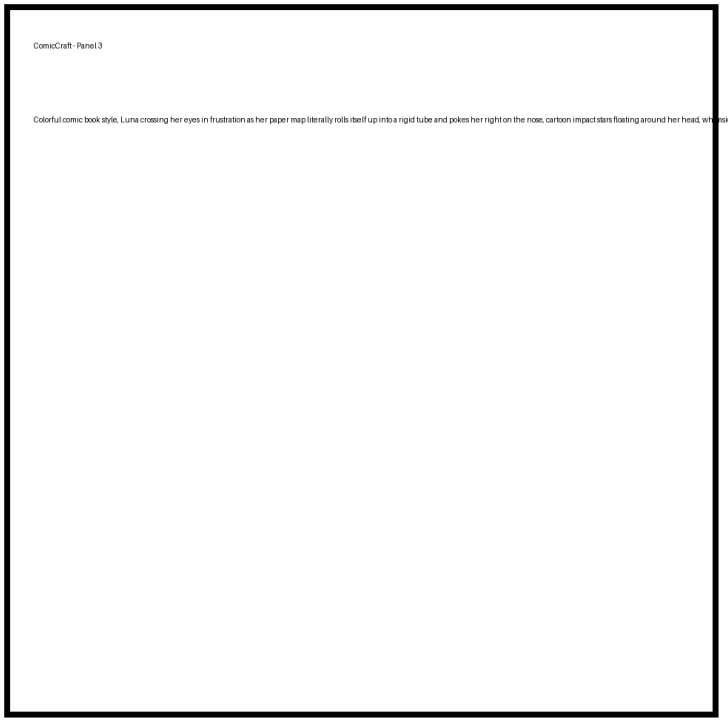
Dialogue:

Okay, little guy, save some magic for the rest of us!

Narration:

Turns out, forest wildlife had a lot more talent than Luna's local park squirrels.

Panel 3: The Mischievous Map



Luna tries to read her paper map, but the map suddenly rolls itself up into a telescope and bonks her gently on the nose.

Navigation malfunction!

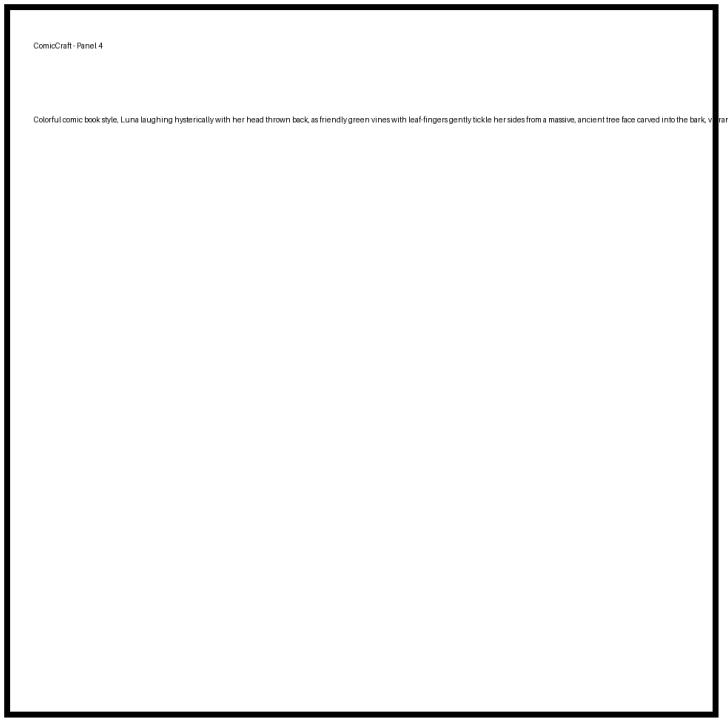
Dialogue:

Ow! Hey! I'm trying to read you, not get poked by you!

Narration:

Even the cartography had a mischievous mind of its own in this weird wonderland.

Panel 4: Ticklish Trees



Luna laughs out loud as she accidentally leans against a massive ancient tree that giggles and tickles her back with its low-hanging vines.

Rooted in comedy!

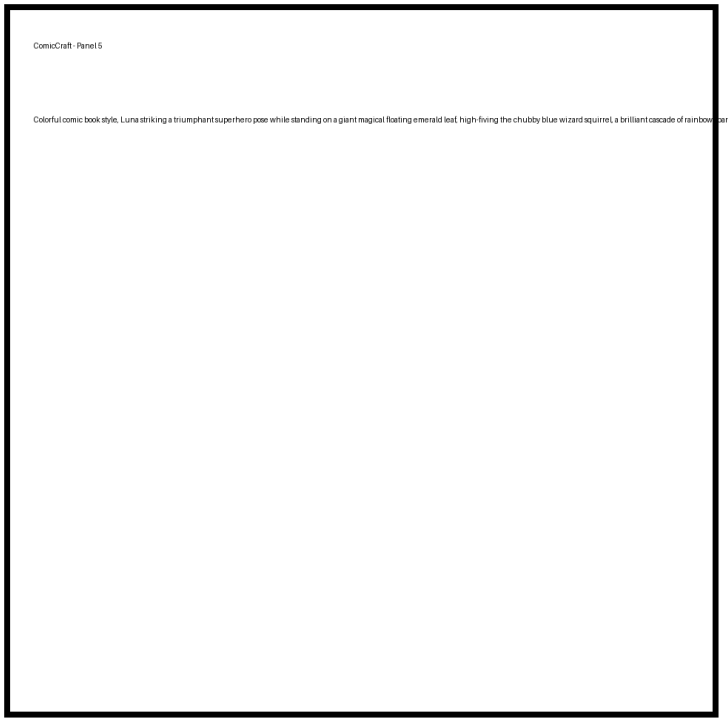
Dialogue:

Hahaha! Okay, truce! I surrender to the tickle monster!

Narration:

Leaning against the scenery was risky business when the scenery had a wicked sense of humor.

Panel 5: A New Best Friend



Luna poses triumphantly atop a giant floating leaf, holding hands with the blue wizard squirrel as a cascade of sparkling magic erupts behind them.

Mission: Accomplished!

Dialogue:

Best expedition ever! What do we explore next, buddy?

Narration:

Lost? Maybe. Having the best adventure ever? Definitely.
